

TRAVERSE CITY

This is BIG and we need your help. Impact 100 Traverse City is changing how we lift up and transform our community by harnessing the power of women. In 2017, our inaugural year, we set the Impact record for new members during a launch year, and we know we can reach even more members with your help. Imagine the difference \$100,000 would mean to a local non-profit. It will be significant and you can be part of it.

What is Impact 100?

Impact 100 is a successful global philanthropy model created by Wendy Steele in 2001 in Cincinnati. Her concept is simple and powerful: gather a group of dynamic women together to each give \$1,000, with the goal of significantly impacting one local organization. There are now more than three dozen Impact 100 chapters around the world and by the end of 2016 will have given away more than \$45 million to worthy non-profits in their local communities.

Impact 100 Traverse City will significantly impact our community by awarding \$100,000+ transformational grants to local non-profits in the five county region. Think of the difference we can make in Grand Traverse, Leelanau, Benzie, Kalkaska and Antrim county, it is remarkable. The grant application process is very structured, completely transparent and open. Impact 100 members have the opportunity to assess the grant applications and ultimately vote on the grant recipients.
