

GOODWILL
Northern Michigan

TIME

Every pound of food we rescue **keeps it out of landfill** and helps to **ensure neighbors have nutritious food**. Sign up to volunteer online at goodwillnmi.link/foodrescuevolunteer.

- Repack food in our warehouse (Thursday mornings)
- Ride along on a truck route (weekdays starting at 6:30 am, end times vary by route)
- Pick up food from farmers markets
- Harvest excess produce from farms (seasonal, sign up for alerts)
- Rescue and deliver food yourself using the [FoodRescueUS app](https://foodrescue.us) (foodrescue.us)

TALENT

- Volunteer coordination — help us welcome and organize volunteers
- Logistics — strengthen warehouse and delivery systems so more food reaches neighbors
- Project management — lend your expertise to special initiatives that expand our reach
- Community engagement — help spread the word and bring new partners on board

GOODS

- Your clothes and household goods dropped at our thrift store donation doors are turned into funding that **directly fuels Food Rescue** — items you no longer need become **healthy food for food pantries and community meal sites**.
- Non-perishable food dropped at our Goodwill Northern Michigan store donation doors go directly to Food Rescue for repacking and delivery to food pantries and meal sites.
